INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the New Bern Directory since 1961), presents to subscribers and the general public, this, the 1966 edition of the New Bern City Directory, which includes Bridgeton, Country Club Hills, Highland Park, Southgate and Rural Route Residents. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,300 city, county, state and national Directories).

Confidence in the growth of New Bern's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting New Bern to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the New Bern Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like New Bern, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of New Bern, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and ZIP Code numbers. ZIP Code numbers are shown immediately following each

street description. If a street runs through more than one zone, the new ZIP Code number is shown immediately preceding the lowest street number in the new zone.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries where they are readily available for free public reference, and serve as perpetual and reliable advertisements of New Bern and vicinity.

The New Bern Out-of-Town City Directory Library

Through the courtesy of the publishers of the New Bern City Directory, a Directory Library is maintained in the offices of the Greater New Bern Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

NEW BERN

COUNTY SEAT - CRAVEN COUNTY

CENTER OF HISTORY—PIVOT OF PROGRESS

(Courtesy The Chamber of Commerce of New Bern and Craven County, Inc.)

This is the land where much of our history had its beginning, centered about New Bern, North Carolina's second oldest town, Colonial Center for business, culture, and political activity, the site of many of our "firsts." It is also a land of jet planes, trim modern boats, great modern highways and buildings--a land where the pulse of Eastern North Carolina's great new era of development is strongly evident.

New Bern looks two ways, a fact which accounts for the stability and sound character of progress which is evident here. Important strides have been made in the development of the area's mineral, timber and agricultural resources. Diversification in agriculture and industry have dominated this growth. Yet, while New Bern's aggressive citizens push on toward greater progress in business, agriculture and industry, they have kept a firm grip on the cherished traditions of their rich history, preserving the best of the past for themselves, their descendants, and for welcomed visitors who come here from throughout the world.

Tryon Palace, called "the most beautiful building in the Colonial Americas," was built in pre-Revolutionary days by Royal Governor William Tryon as North Carolina's first fixed Colonial Capitol. Later it became the first Capitol of the State. Four State Governors were inaugurated there. Restored authentically by the Tryon Palace Commission, a State Agency, through gifts and bequests of the late Mrs. James Edwin Latham, and furnished with mid-18th century antiques, at a cost of more than $4,000,000. It is considered one of America's greatest showplaces. During the first 6 years it was opened to the public it attracted over 200,000 admiring visitors from all 50 states and 83 foreign countries.

New Bern is a sight-seer's paradise. Here are over 100 homes a century or more in age. The John Wright Stanly home, now a free library, is open daily. The Firemen's Museum (awarded the only prize by the American Association for State and Local History for the preservation of antiquities in 1957), Attmore-Oliver House, William Gaston House, Masonic Temples and nearby Fort Macon add points of interest.

Historic Tryon Palace erected 1767-70, destroyed by fire February 27, 1798, restored 1952-59. First Colonial and State Capitol in North Carolina and considered the most beautiful building of its day.

Few cities anywhere afford more complete transportation than New Bern. By air, Piedmont Airlines maintains 10 scheduled flights from Simmons-Nott Airport daily, with 3 north bound, 4 south bound, 3 west bound, giving New Bern the best, most frequent air service of any small city in the country, with aviation gas sales and aviation maintenance. National U-Drive-It automobile facilities available at airport.

Three railroads—Norfolk—Southern, Atlantic Coast Line and Southern serve the area. Three important highways, U. S. 17, U. S. 70 and N. C. 55, intersect here. The home office for Seashore Transportation Company is here and 18 Motor Freight Lines serves New Bern.

Aerial View of New Bern

Water commerce provides freight advantages enjoyed by few cities. New Bern is served by both the Neuse and Trent Rivers, with a minimum 12 foot channel which connects directly with the Intra-Coastal Waterway and the North Carolina State Deep-sea Port Terminal at nearby Morehead City.

Marine Installations:

New Bern has three Marine facilities—The Barbour Boat Works, Inc., New Bern Shipyard, Inc. and Commodore Boats—offering construction and repair of wooden, steel and fiber glass boats, propeller reconditioning plants, a total of eight marine railways—50 to 1200 ton capacity, marine salvage and supplies, complete machine shops, all types of welding facilities plus towing services.

Historic John Wright Stanly Home, now a public library. President Washington spent two nights there in 1791.

Simmons-Nott Airport, New Bern, North Carolina, serving Piedmont Air Lines.

As County Seat of Craven County, New Bern draws many patrons from the county and neighboring counties. Its population was 11,815 by official count in 1940, with 16,467 population count in 1962. The inviting allure of the Neuse and Trent River Shores homesites has attracted many citizens, thereby creating an exodus of families adjacent to the city. Greater New Bern population, 19,096. The county official census in 1940 was 31,298, the official count in 1960 was 58,773. More than 100,000 people reside in the trading area.

SEWAGE DISPOSAL PLANT
This modern 4 MGD trickling filter separate sludge digestion type plant was tied into the City sewage system May 1, 1964.

There are 65 manufacturing establishments employing 2,004 workers who receive manual wages of more than $6,000,000. The annual operating cost of the Marine Corps Air Station at Cherry Point is $76,000,000 of which 75 per cent is represented in payrolls. County retail sales were $79,888,206 in 1964.

New Bern's three banks (with branches in the county), and two Savings and Loan Associations with resources of more than $1,319,070,705.54 gives this area a sound financial basis for expansion.

Current industrial establishments include factories for making men's trousers, ladies' dresses, three commercial and pleasure boat manufacturers, six lumber mills, one plywood factory, one veneer factory, cement block plant, awning and tent manufacturing company, boat trailer plant, feed mills,

grain elevator, fertilizer plants, livestock market, curb market, meat packing plant, frozen foods locker, chicken hatchery, a milk pasteurization plant, ice cream factory, two bottling plants, printing firms, two aggregate quarries, and the power tool plant facility of The Stanley Works. This modern 150,000 square foot structure contains the latest designed machinery in the field of power tool manufacturing.

The Chamber of Commerce of New Bern and Craven County, Inc. Organized May 17, 1899.

Since July 1, 1947, New Bern has had the city manager form of government with a Mayor and City Manager, and one Alderman from each of the five wards. The City Manager, Chief of Police, City Clerk-Treasurer and Tax Collector are appointed by the Board of Aldermen. Craven County is governed by a board of five Commissioners representing various parts of the county with two from New Bern.

Property in the county was valued for tax purposes (50 per cent of the assessed value), Jan. 1, 1965 at $89,284,358, of which $31,676,704 was in New Bern.

Fifteen State and Federal District Offices are located in New Bern.

Sudan Shrine Temple has its home here, with members as far west as Durham. A $150,000 Shrine Auditorium has been erected and is available for public programs. A $300,000 Temple is used for offices and semi-annual reunions of Scottish Rite Masons. Meetings are also held here frequently by York Rite Masons and affiliated bodies, a $150,000 Club Building has been erected on the Race Track road by the New Bern Shrine Club. Next to it the York Rite Bodies have completed a $200,000 Temple.

CRAVEN COUNTY HOSPITAL

Located here are two hospital units operated by the Craven County Hospital Corporation and consists of a new and modern 161-bed capacity hospital. The other facility being a 50-bed unit recently renovated and modernized. The City-County Health Department has a modern health center.

Numerous churches are in and around New Bern and there are many religious, benevolent, patriotic and civic organizations.

The Sun-Journal publishes two editions of its daily newspaper and The Mirror is published weekly. There are two local radio stations, WHIT and WRNB and local WNBE Television Station--ABC Network. Nearby, are two television stations serving the area with a primary signal, one NBC, the other CBS. Muzak offers a source of background music that is used by major companies throughout America.

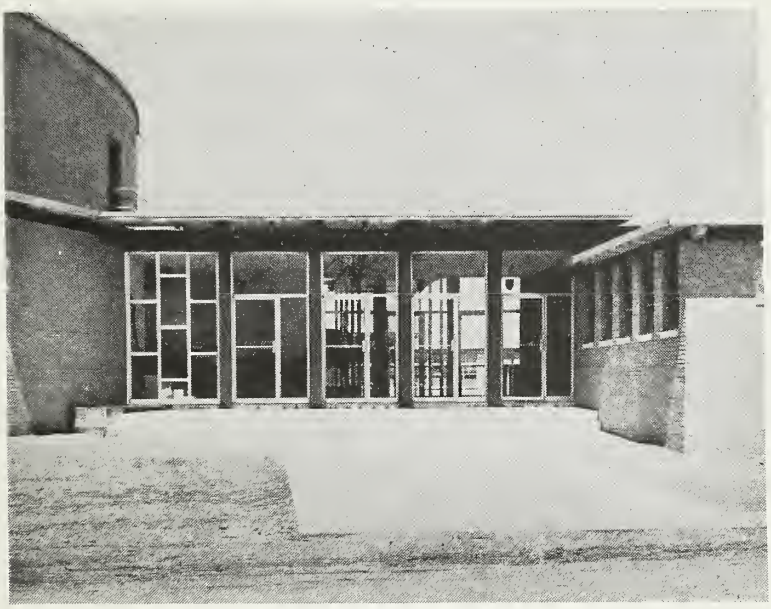

Hundreds of new homes have been built with suburban residential sections expanding rapidly. There are two low-rent housing projects.

Recreation is unlimited, the broad, beautiful waters of the Neuse and Trent Rivers provide the perfect setting for boating, fishing, swimming, skiing and other water sports. In addition, North Carolina's popular beach resorts are but a short distance away. There is excellent hunting in season.

New Bern people love fun, and their recreation is varied: golf at the Country Club, tennis and other outdoor sports may be enjoyed in the mild climate. There is a well organized year-around municipal recreation program, as well as lively social and civic life.

Excellent motels, restaurants and dining rooms, together with cordial hospitality are fast making New Bern into a convention and tourist center.

Seven elementary and two high schools, with exceptional faculties, give college preparatory courses plus vocational-trade and technical training. The school plants are modern in every respect and a constant building program has been under way for the past several years. New Bern with approximately 50 per cent and Craven County with 37.9 per cent of its graduates entering college rank among the highest in North Carolina.

New Bern High School

The world's largest Marine Corps Air Station at Cherry Point with its thriving civilian settlement at fast growing Havelock, is in the eastern part of Craven County, greatly strengthening the economy of the entire area. Camp Lejeune, largest all-purpose Marine Corps ground base, is in nearby Onslow County.

New Bern wears its long honored career of 256 years well. Its tradition of hospitality and genuine friendliness is experienced by every visitor whether he comes as a tourist or a business man, whether as a casual visitor or to make his home here, he will receive a warm genuine welcome to the "Land of Enchanting Waters."

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

FAIR PRACTICE CODE

for ADVERTISING and SELLING recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS
2. INTRODUCTION
3. BUYERS' GUIDE
4. CLASSIFIED
5. ALPHABETICAL SECTION
6. HOUSEHOLDERS' and STREET GUIDE

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber, "◎"—Homeowner.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

☆

WHY THE CITGO SERVICE HY-TEST 303 "7 IN 1" PLAN IS THE BEST FOR YOUR HOME AND FAMILY'S COMFORT

- ***Hy-Test 303 Dehydrated Fuel Oil Saves You Up to 20% on Your Heating Cost***
 Here's what it does for you. BURNS MORE EFFICIENTLY to give you a saving up to 20% BURNS CLEANER in your heating system. ENDS TANK CORROSION by unique dehydration action that removes water and moisture from your tank. All this saves you money.
- ***Free Gold Bond Stamps—Without Extra Cost to You***
 Gold Bond Stamps given on all Heating Purchases when paid as agreed.
- ***Radio Dispatched Trucks for Prompt Delivery to You***
 All of our trucks are radio equipped for fast and efficient service to our customers.
- ***Automatic Fill-up Service—You Never Run Out of Oil***
 We keep your tank well stocked with oil, you never have to worry about run outs. Our weather watching system takes care of your needs during the coldest of weather.
- ***24-Hour Service—We're There When You Need Us***
 Our regular delivery hours on Monday through Friday 7:00 A.M. to 5:00 P.M. and Saturday 7:00 A.M. to 12 Noon. However, we offer 24-hour service on an emergency basis.
- ***Budget Payment Plan to Equalize Heating Payments***
 We estimate your needs for the winter season, and spread this cost over 10 equal payments. We furnish record envelopes for your convenience.
- ***24-Hour Burner Service to Prevent Cold Nights Without Heat***
 Repairs to your heating system can be made by us and handled right through your heating account.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Choose from 3 water conditioning plans!

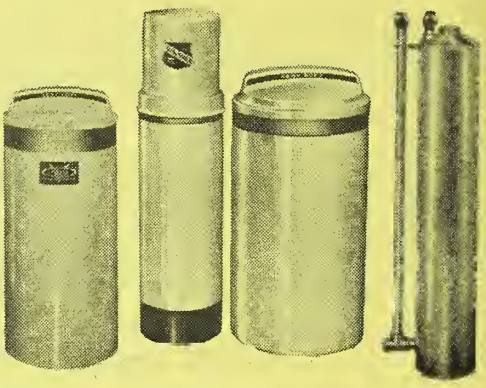

SERVISOFT®

...the only water nicer comes from clouds

(1) OWN-YOUR-OWN *SERViSOFT offers the finest, fully automatic softeners. We have a size and model for every application. If you are thinking of buying—think of SERViSOFT, America's first and finest water conditioning company.*

(2) RENTAL *Choose the SERViSOFT model and size that best meets your needs. You rent it, we maintain it. It's as simple as that. (A convenient "option to buy plan" goes with each rental unit.*

(3) EXCHANGE SERVICE *For many households, the Exchange Service Plan offers definite convenience and economical advantages. At least, over a million families think so! And so do we. That's why we offer all three plans instead of two.*

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1966

Including Bridgeton, Country Club Hills, Highland Park and Southgate

Copyright, 1966, by Hill Directory Company

the following list the numbered streets are arranged in numerical order followed by the named stree in alphabetical order, the intersecting streets being shown. The number of each building on the stree s given in numerical order, and opposite the number is placed the name of the occupants or hous wner or tenant. In the business blocks containing offices the occupants are shown by room numbers here practicable, in apartment homes the number denotes the number of the apartment. In all stree both sides of the street are included in one list. The profession or business of individuals or firms is giv only at their respective place of business; to find occupation of others refer to Alphabetical List Names.

he symbol ◎ following a householder's name indicates that we have received information duri the canvass that the house is owned by some member of the family, but as the publisher cannot and es not guarantee the correctness of the information furnished, nor the complete absence of mistake o responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

elephone numbers, as supplied to us on our canvass are shown opposite names.

ip code numbers are shown immediately following each street description. If a street runs through more than e zone, the new zip code number is shown immediately preceding the lowest street number in the new zone.

gures in parentheses denote old numbers.

he numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

his section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Don't Use An Old Directory!

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Would be constantly before the public — the buyers — twenty-four hours a day — three hundred and sixty-five days a year — every year.

Think it over

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
